

The diagram illustrates a medical device 10, possibly a catheter or probe, in a cross-sectional view. The device features a main body 12 with two side ports 14 and 16. At the top, there are two handles 30. A central shaft 20 extends from the bottom. A dashed line indicates a curved path 18. Various internal components are labeled: 2, 22, 24, 26, 28, 32, 34, 36, and 38. Arrows indicate directions of flow or movement.
